Cold Calling and P2P Outreach Scripts

Cold Call Script

A cold call has one goal: to earn a 20 minute conversation, not to sell the whole program. The script below takes about three minutes.

Before the call: read the company's latest public information, have the one page outline open, note the contact's role, and set a call log ready.

Stage	What to say	Purpose
1. Opening	Assalam o Alaikum. This is Hareem Fatima. May I speak with the Head of HR and People Operations?	Reach the right person politely
2. Permission	Thank you for taking my call. Do you have two minutes? I will be brief.	Respect their time
3. Reason	I am a nutritionist who helps companies reduce the afternoon energy dip among employees. I thought of Lucky because of your large workforce.	Show relevance in one sentence
4. Proof	I have led workforce energy and productivity workshops as a Corporate Wellness Trainer at Xynotech.	One credible proof point
5. Questions	How do employees describe their energy in the afternoon? Do you currently run any wellness activity? How does HR report results to leadership?	Learn their situation
6. Value	We combine monthly onsite masterclasses with simple remote tracking, and HR receives anonymised monthly data.	Link the offer to their needs
7. Close	Could we speak for 20 minutes next week? I can send a one page outline first.	One clear next step

Stage	What to say	Purpose
8. Wrap up	Thank you. I will email the outline today and call you on the day we agreed.	Confirm and follow through

Objection Handling

Each objection is answered by listening, acknowledging, replying briefly and returning to one small next step.

Objection	Suggested response
We already have a wellness program	That is great to hear. Our work adds a nutrition and energy focus that sits alongside existing activity. May I ask what it covers today?
We have no budget	I understand. Our pilot is fixed and starts with one cohort. Could I send a one page outline so you can judge the value first?
Please send an email	Certainly. So that it is useful, what would you most like it to cover: the plan, the cost or the reporting?
This is not the right time	Thank you for telling me. When would be a better time to reconnect, next month or after the quarter ends?
Employees will not participate	Participation is a real concern. That is why sessions are short, voluntary and fitted to shifts, and why tracking takes under two minutes.
We worry about privacy	That is important to us as well. Leadership sees only anonymised group trends, and individual information stays with me.
I am not the right person	Thank you. Could you tell me who handles employee wellbeing so I can contact them directly?

Sample Call and Follow Up Cadence

The sample call below follows the cold email of 15 October and shows how a gatekeeper and a decision maker are handled.

Detail	Information
Date and mode	Tuesday 20 October 2026, 11:00 AM, phone call
Contact	Executive assistant, then the Head of HR and People Operations

Speaker	Dialogue
Hareem Fatima	Assalam o Alaikum. This is Hareem Fatima. May I speak with the Head of HR and People Operations, please?
Executive assistant	Walaikum Assalam. May I ask what this is regarding?
Hareem Fatima	I sent an email on Thursday about an employee energy and nutrition program. I would like two minutes to follow up.
Executive assistant	One moment, I will check if they are available.
Head of HR	Hello, this is the Head of HR.
Hareem Fatima	Assalam o Alaikum. Thank you for taking my call. Do you have two minutes?
Head of HR	Yes, briefly. I saw your email.
Hareem Fatima	Thank you. How do employees describe their energy in the afternoon?
Head of HR	Tired after lunch is a common complaint.
Hareem Fatima	That is exactly what I work on, using monthly masterclasses and simple tracking, with anonymised reporting for leadership. Could we speak for 20 minutes next week?

Speaker	Dialogue
Head of HR	Send me a one page outline, and we can talk on the 29th.
Hareem Fatima	Thank you. I will send it today and look forward to Thursday 29 October at 10:00 AM.

Outcome: discovery call booked for 29 October 2026.

P2P Outreach Strategy

P2P here means peer to peer: reaching decision makers through people they already trust, and using peers inside the client to spread participation. The approach rests on Hareem Fatima's professional network of 15,000+ LinkedIn followers and connections (@dt.hareem).

P2P channel	Who	Approach	Goal
LinkedIn content	Followers and HR peers	Share short, useful posts on afternoon energy and workplace nutrition	Build credibility and inbound interest
Warm introductions	Mutual connections of HR leaders	Ask a trusted contact for a brief introduction	Reach decision makers with a recommendation
HR community groups	Karachi HR and L&D professionals	Offer a free short talk or article	Be known as a practical expert
Referrals from past clients	Leaders from earlier workshops	Request an introduction after a successful workshop	Convert trust into new conversations
Peer wellness champions	Volunteer employees inside the client	Recruit one champion per department to encourage logging	Raise participation from within

Rules for P2P outreach

1. Give value before asking: share something useful first.
2. Ask for one small thing, such as an introduction or a 20 minute call.
3. Never share a client's name or results without their permission.
4. Thank every person who helps, publicly or privately as they prefer.

P2P Message Templates

Each template is short and can be adjusted for the person and platform.

1. LinkedIn connection request

Assalam o Alaikum [Name]. I am a nutritionist who runs workplace energy workshops. I follow your work in people and culture and would be glad to connect.

2. Introduction request to a mutual connection

Assalam o Alaikum [Name]. I hope you are well. I am exploring how nutrition can help employees with afternoon energy and focus. Would you be comfortable introducing me to [Contact name, role]? I can send you a two line note to forward.

3. Message to an HR peer after connecting

Thank you for connecting, [Name]. I recently wrote a short guide on beating the 2 PM energy dip at work. May I share it? No obligation, I thought it might be useful for your team.

4. Invitation to a peer wellness champion

Assalam o Alaikum [Name]. We are looking for one volunteer from each department to be a wellness champion. It takes about ten minutes a week: remind teammates to log, share a weekly tip and give feedback. Would you like to join?

5. Thank you after a referral

Thank you so much, [Name], for the introduction. I appreciate your trust and will make sure it reflects well on you. I will keep you updated.
