One on One Stakeholder Conversations

Oct 14, 2026 · @HAREEM

How We Communicate

Hareem Fatima speaks to each person in the way that suits their role, listens first, and confirms every agreement in writing. The five conversations in this document are samples that show the tone, and people are shown by role.

Stakeholder	What they care about	How Hareem communicates	Usual channel
Head of HR	Results, risk, reporting to leadership	Short, outcome focused, numbers first	Calls and email
HR Manager, Learning and Development	Smooth sessions and employee uptake	Practical, detailed, collaborative	In person and WhatsApp
Operations Administrator	Shifts, rooms, no disruption to work	Clear dates, flexible, respectful of constraints	Phone and WhatsApp
Finance contact	Accuracy, approvals, invoices	Precise figures, written confirmation	Email and phone
Employee participants	Simple, useful, non judgmental help	Friendly, plain language, privacy first	Masterclasses and group chat

Principles used in every conversation

1. Listen first and repeat back what was heard.
2. Use plain words and avoid technical jargon.
3. Respect time: state the purpose and the length at the start.
4. Confirm decisions in writing within one working day.
5. Protect employee privacy at all times.

Conversation 1: Head of HR, Discovery Call

Detail	Information
Date and mode	Thursday 29 October 2026, 10:00 AM, phone call
Length	20 minutes
Purpose	Understand priorities before preparing the bid

Speaker	Dialogue
Hareem Fatima	Good morning. Thank you for taking my call. I have 20 minutes planned and would like to understand your priorities first. Is that suitable?
Head of HR	Good morning. Yes, please go ahead.
Hareem Fatima	What is the main concern you hear from employees about energy and focus during the day?
Head of HR	Many say they feel tired after lunch, especially on long shifts. Productivity drops in the afternoon.
Hareem Fatima	That matches what I see in workplaces. Who should the program be for, and how many people would you start with?
Head of HR	Employees only. We would start with a pilot group, not everyone at once.
Hareem Fatima	Understood. A pilot cohort first, then expansion if it works. What does leadership want to see at the end?
Head of HR	Numbers. Something we can present, not just feedback forms.
Hareem Fatima	I will build a baseline and a monthly dashboard so the change is visible. Is employee privacy a concern?
Head of HR	Yes. Participation must be voluntary, and we should see only group results.

Speaker	Dialogue
Hareem Fatima	Agreed. Individual data will stay with me, and you will receive anonymised trends. Let me summarise: employees only, pilot cohort, measurable results, strong privacy. Is that correct?
Head of HR	Yes, that is right.
Hareem Fatima	Thank you. I will send my bid on 2 November and the full proposal on 4 November.

Outcome: priorities confirmed, and the bid and proposal dates agreed.

Conversation 2: HR Manager, Logistics Meeting

Detail	Information
Date and mode	Wednesday 9 December 2026, 11:00 AM, in person at the HR office
Length	30 minutes
Purpose	Prepare Masterclass 1 and encourage enrolment

Speaker	Dialogue
Hareem Fatima	Thank you for meeting me. The baseline survey has been open for two days. How are responses looking?
HR Manager, Learning and Development	Good so far, but a few departments have not responded. Their supervisors are busy.
Hareem Fatima	Would a short reminder from you, with a clear closing date, help? I can draft it.
HR Manager, Learning and Development	Yes, that would help. Employees respond better to a message from HR.

Speaker	Dialogue
Hareem Fatima	I will send a draft by this afternoon. For Masterclass 1 on 15 December, how many participants should I plan for?
HR Manager, Learning and Development	Around sixty. We can seat more if needed, but sixty is comfortable.
Hareem Fatima	Sixty is ideal for a practical session. I will prepare handouts for that number. Could you place a sign in sheet at the door?
HR Manager, Learning and Development	Of course. We will also display a poster in the cafeteria.
Hareem Fatima	Thank you. I will send the poster text today. Please tell me if any wording needs to change.

Outcome: reminder message and poster approved, and room and numbers confirmed for Masterclass 1.

Conversation 3: Operations Administrator, Shifts and Sites

Detail	Information
Date and mode	Monday 7 December 2026, 3:00 PM, phone call
Length	15 minutes
Purpose	Solve a shift clash for Masterclass 1

Speaker	Dialogue
Operations Administrator	Hello. The 2:00 PM session on 15 December overlaps with a shift handover for one team.
Hareem Fatima	Thank you for flagging this. How many people are affected?
Operations Administrator	About ten, and they cannot all leave at once.

Speaker	Dialogue
Hareem Fatima	I see. One option is a second session for that shift. It would be an added session, so I would need written approval from HR for the extra fee. Another option is a short summary for those who cannot attend. Which suits you better?
Operations Administrator	The summary is simpler for now. Can they still join the daily log?
Hareem Fatima	Yes, they can join the log and the participants group from day one. I will send a one page summary and a few short tips by 16 December.
Operations Administrator	That works. I will confirm the names.
Hareem Fatima	Thank you. If the clash repeats in later months, we can plan a second session early and ask HR for approval.

Outcome: the session time stays at 2:00 PM, and staff on handover receive a summary and join the daily log.

Conversation 4: Finance Contact, Invoice and Milestones

Detail	Information
Date and mode	Monday 1 February 2027, 11:00 AM, phone call
Length	10 minutes
Purpose	Confirm the second milestone invoice

Speaker	Dialogue
Hareem Fatima	Good morning. I am calling about the second milestone, which falls due at the end of Month 2.
Finance contact	Good morning. Yes, we have it on our schedule. What amount should we expect?

Speaker	Dialogue
Hareem Fatima	PKR 95,000, excluding applicable taxes, as in the agreed terms. This is the second of four equal milestones.
Finance contact	Please send the invoice by email with the agreement reference. We also need the tax details on it.
Hareem Fatima	Certainly. I will email the invoice today with the reference and the tax details. Is there any other detail your process needs?
Finance contact	A copy of the approval from HR would help.
Hareem Fatima	I will ask the HR Manager to include it in copy. Thank you for your help.

Outcome: invoice sent the same day, with HR approval in copy.

Conversation 5: Employee Participant, Feedback

Detail	Information
Date and mode	Wednesday 20 January 2027, 1:15 PM, in person after lunch
Length	10 minutes
Purpose	Collect honest feedback after Masterclass 2

Speaker	Dialogue
Hareem Fatima	Assalam o Alaikum. Thank you for coming yesterday. May I ask how the program feels so far?
Participant	Walaikum Assalam. It is useful. I have logged most days, and I feel less sleepy after lunch than before.
Hareem Fatima	I am glad to hear that. What changed in your routine?

Speaker	Dialogue
Participant	I drink water before tea now, and I eat less rice at lunch.
Hareem Fatima	Those are good small steps. Is anything difficult?
Participant	On busy days I skip the log, and the cafeteria lunch is heavy.
Hareem Fatima	Thank you for being honest. I can send you a reminder at 3:00 PM, and I will share simple choices from the cafeteria menu in the group. Would that help?
Participant	Yes, that would help.
Hareem Fatima	Wonderful. Please keep giving feedback. It helps us improve the program for everyone.

Outcome: a reminder set for this participant, and cafeteria choice tips added to the next group post. Feedback is shared with HR only in anonymised form.
